Potential General Labour Law Reform	<p>A new Labour Code may finally be passed by Parliament in 2018. If implemented, significant reforms would take place across the whole spectrum of local employment law.</p> <p>The aim is to introduce rules and principles, which better fit with modern economy concepts, and to ensure a better balance between employer and employee rights.</p> <p>The new Labour Code has been in progress for the past 10 years, so there is no guarantee that implementation will happen in 2018.</p>	<p>No action required at present but keep abreast of how the legal situation develops.</p>
